HAMZA ABONAZZAL

FULL STACK DEVELOPER

Two years of experience in programming front-end and back-end.

OBJECTIVE

Passionate aspiring Full Stack Developer with experience in front-end and back-end development, eager to deliver innovative solutions, enhance user experiences, and grow professionally within a dynamic development team.

PROJECTS & PRACTICAL EXPERIENCE

Front-end Development:
- Designed and developed **responsive web interfaces**, integrating with **REST APIs** and **AJAX**.
- Built modern **React.js templates** and styled them with **Sass**.
- Developed small projects to **improve performance and user experience**.

Back-end Basic Development:
- Set up and managed **basic Node.js servers**.
- Built and maintained **simple REST APIs** with Express.js.
- Worked with databases (**MongoDB / MySQL**) for basic data management.

PORTFOLIO

My portfolio, built with React, includes all projects and demonstrates my abilities in front-end and back-end development, modern web technologies, and user-centered design
